## THE ALL-NEW ***G2 LIFT-N-DUMP.***

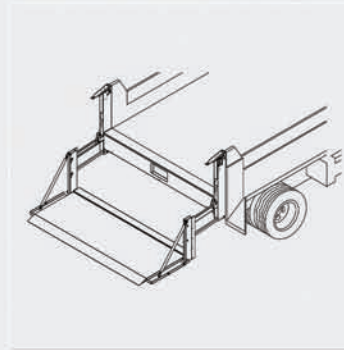

Tommy Gate's G2 Liftgate Series has expanded. Due to popular demand, our Lift-N-Dump model is now available with a dual-drive system. Like all G2 Series lifts, the new G2 Lift-N-Dump features dual hydraulic cylinders, one on each side of the platform, ensuring a stable, even and smooth lift for your cargo. And with 1600 lbs. capacity, 50" of vertical travel and newly designed platform latches, this G2 model is sure to satisfy those looking for the most powerful and reliable Dump Body liftgate available.

Every Tommy Gate is proudly made in Woodbine, Iowa, USA.

# FEATURES

- **1** Dual hydraulic cylinders ensure a stable and even lift for cargo
- **2** The newly designed G2 Lift-N-Dump latch offers simple, lockable operation
- 1600 lbs lifting capacity
- 6" Taper
- 150 Amp circuit breaker with manual reset helps protect the electrical system
- The full-length molded ground and power cable provides a direct connection from the liftgate to the truck battery, ensuring solid electrical connections
- Hard-chrome pins and composite bushings at major pivot points in the platform
- Optional rubber bumpers provide a rubber cushion between the platform and the ground surface
- Light Kit: G2 Recessed Light Kit (3-light kit; works with 2 or 3 light systems)
- LED Light Kit: G2 Recessed Light Kit (3-light kit; works with 2 or 3 light systems)
- Curb side fixed control
- Optional Pendant control
- Operator friendly dump lever
- Box cover can be removed w/ gate up or down
- Torsion assist bar assists in closing the platform
- Drop chain covers provide a quieter ride
- Full-size pump & motor
- Pressure relief prevents operator from overloading the platform
- Flow Control Valve prevents uncontrolled descent of platform
