

REAR CAMERA & SENSOR BAR APPLICATION CHART

U.S. Patent #9,963,085

For select newer pickup models, Tommy Gate now offers an optional Rear Camera and Sensor Bar compatible with G2 Series liftgates. The optional bar installs along the bottom of the liftgate mainframe and repositions the vehicle backup camera and parking sensors.*

*Component functionality must be verified by installer

IMPORTANT

- Camera and sensor bar kits are compatible with pickup body G2 liftgates. The kits include hardware to re-use the vehicle's rear camera and backup sensors. Vehicles with sensors, other than the four rear sensors in the bumper, may also require a side sensor relocation kit. Refer to the side sensor relocation kit application chart 095317 for more information.

NOTE

1. **Does not include:** 2019–2024 Ram 1500 “Classic” pickups.
2. **Does not include:** 2019 Chevy 1500 “LD” and GMC 1500 “Limited” pickups.
3. For 2019–2026 dual rear wheel (DRW) trucks, this kit works for rear camera only. Additional kit required for rear sensors. See Side Sensor Relocation Kit Application Chart DPN 95317.
